

MEMORANDUM TO: DISTRIBUTION

FROM: SUSAN L. FREY, DEPARTMENTAL RECORDS
 OFFICER, SO-312

SUBJECT: RM-01-25, ROADMAP PROJECTS

After reviewing the roadmap, we have determined that there are approximately seven major projects that are currently underway or are scheduled to begin within the next twelve months. A listing of projects and individuals that have committed to work on them is attached.

If you or your contractors would like to participate in one or more of the workgroups, or if you would like to volunteer to lead a workgroup, please let me know. If there are other projects that should be added to the listing, please provide that information also.

For the roadmap to remain successful, it is imperative that each site participate in the workgroups as much as possible.
